

Assisted Reproductive Technology (ART)

Benefit Overview

Benefit Information

Eligible PEHP members can receive a reimbursement benefit of up to \$4,000 per single-embryo Assisted Reproductive Technology (ART) transplant. Additionally, members can receive up to \$4,000 to offset expenses associated with repeat single embryo transfers.

Eligibility

- » Must be a PEHP member enrolled in a PEHP medical plan that lists ART as a covered benefit.
- » Age restrictions apply:
 - Limited to those under age 46
 - When oocytes are sourced from another woman, donor must be under 36.
 - Limited to those under the age of 40 when own oocytes are used.
- » Surrogates are not eligible.
- » Donor charges are not eligible; however, once an embryo is created, the qualifying ART procedure becomes eligible.

ART Qualifying Procedures

The following ART procedures qualify for the reimbursement benefit but are limited to single embryo/gamete/zygote transfers:

- » In Vitro Fertilization (IVF) - may include intracytoplasmic sperm injection (ICSI), frozen embryo transfer (FET).
- » Gamete intrafallopian transfer (GIFT) - criteria must be met.
- » Zygote intrafallopian transfer (ZIFT)/ Tubal embryo transfer (TET) / Pronuclear stage tubal embryo transfer (PROUST) - criteria must be met.
- » Specialized sperm retrieval (i.e., Microsurgical epididymal sperm aspiration (MESA) / Percutaneous Epididymal Sperm Aspiration (PESA) / Testicular sperm aspiration (TESA) / Testicular sperm extraction (TESE) / Testicular aspiration techniques (TEFNA) / Other.

Reimbursement Process

Reimbursement is issued directly to the PEHP member upon submission of proof of payment to the clinic where services were provided.

The clinic is required to submit a receipt, along with the attached Physician Verification Form, confirming the member's payment, and a procedure note documenting the use of a single embryo transfer.

Healthcare Facilities

For your convenience, the following in-network clinics in Utah perform ART:

CLINIC	LOCATION
Utah Center for Reproductive Medicine	University of Utah in Salt Lake City
Utah Fertility Center	Midvale, Ogden, Pleasant Grove, St. George
Reproductive Care Center	Sandy, Clearfield, Pleasant Grove
