PEHP Medicare Supplement Plans

OPEN ENROLLMENT: OCTOBER 15 – DECEMBER 7

Take the time to review your coverage. **Not enough?** Choose a more generous medical plan or add dental and vision. **Too much?** Change to a lower-costing plan with less coverage.

Remember, a PEHP supplemental plan provides broader coverage and helps lower your healthcare costs over time compared to Medicare Advantage plans.

- Three medical supplement plans that cover 100%, 75%, or 50% after what Medicare pays.
- All medical plans provide coverage options nationwide or outside the U.S.
- Part D plan to help cover your prescriptions.
- Three dental plans from which to choose.
- Two vision plans, covering eyewear and/or exams at various retailers.

The best way to protect yourself is to review your medical and dental claims. If you spot discrepancies, contact Medicare immediately at 1-800-MEDICARE or by visiting CMS.gov/fraud. You can also contact us at 801-366-7555 or through the secure Message Center in your PEHP account.

IMPORTANT NOTICE FROM PEHP ABOUT PEHP's 2026 MEDICARE D DRUG PLANS

Please read this notice carefully and keep it where you can find it. This notice has information about PEHP's Medicare drug plans. This information can help you decide whether or not you want to enroll in PEHP's Medicare drug plan. If you are considering enrolling, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about the PEHP prescription drug plans and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you enroll in a Medicare Prescription Drug Plan or enroll in a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. PEHP has determined the 2025 Medicare drug plans offered by PEHP are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing prescription drug coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a PEHP Medicare drug plan.

When Can You Enroll in a Medicare Drug Plan?

You can enroll in a Medicare drug plan when you first become eligible for Medicare and each year thereafter during Medicare open enrollment from October 15 to December 7. Coverage begins on January 1 for those enrolling during open enrollment.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to enroll in a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Enroll in a Medicare Drug Plan?

If you decide to enroll in a PEHP Medicare drug plan, or a Medicare Advantage Plan that includes a drug plan, your current Medicare Drug coverage may be affected in accordance with the Centers for Medicare and Medicaid Services (CMS). **The 2026 PEHP Medicare D drug plans provided by PEHP are creditable**. If you decide to enroll in a PEHP Medicare drug plan and drop your current prescription drug coverage, be aware that you and your eligible dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) to Enroll in a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage and don't enroll in a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to enroll in a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll.

For More Information About This Notice Or Your Current Prescription Drug Coverage

Contact PEHP's Customer Service Department regarding your current prescription drug coverage at 800-765-7347 or 801-366-7555. For more information about this notice please contact your employer's benefit specialist.

NOTE: You'll get this notice each year. You will also get this notice before the next period you can enroll in a Medicare prescription drug plan, and if this prescription drug coverage through your employer changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For More Information About Medicare Prescription Drug Coverage

Visit www.medicare.gov or, call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help.

Call 800-MEDICARE (800-633-4227). TTY users should call 877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 800- 772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to enroll in one of the Medicare prescription drug plans, you may be required to provide a copy of this notice when you enroll to show whether or not you have maintained Creditable Coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Notice of Privacy Practices for Protected Health Information

effective January 7, 2020

Public Employees Health Program (PEHP) our business associates and our affiliated companies respect your privacy and the confidentiality of your personal information. In order to safeguard your privacy, we have adopted the following privacy principles and information practices. PEHP is required by law to maintain the privacy of your protected health information, and to provide you with this notice which describes PEHP's legal duties and privacy practices. Our practices apply to current and former members.

It is the policy of PEHP to treat all member information with the utmost discretion and confidentiality, and to prohibit improper release in accordance with the confidentiality requirements of state and federal laws and regulations.

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Types of Personal Information PEHP collects

PEHP collects a variety of personal information to administer a member's health, coverage. Some of the information members provide on enrollment forms, surveys, and correspondence includes: address, Social Security number, and dependent information. PEHP also receives personal information (such as eligibility and claims information) through transactions with our affiliates, members, employers, other insurers, and health care providers. This information is retained after a member's coverage ends. PEHP limits the collection of personal information to that which is necessary to administer our business, provide quality service, and meet regulatory requirements.

Understanding Your Health Record / Information

Each time you visit a hospital, physician, or other health care provider, a record of your visit is made. Typically, this record contains your symptoms, examination and test results, diagnoses, treatment, and a plan for future care or treatment. This information, often referred to as your health or medical record, serves as a:

- Basis for planning your care and treatment,
- Means of communication among the many health professionals who contribute to your care,
- Legal document describing the care you received,
- Means by which you or a third-party payer can verify that services billed were actually provided.

Understanding what is in your record and how your health information is used helps you to:

- Ensure its accuracy,
- Better understand who, what, when, where, and why others may access your health information,
- Make more informed decisions when authorizing disclosure to others.

Your Health Information Rights

Although your health record is the physical property of the health care practitioner or facility that compiled it, the information belongs to you. You have the rights as outlined in Title 45 of the Code of Federal Regulations, Parts 160 & 164:

- Request a restriction on certain uses and disclosures of your information, though PEHP is not required to agree with your requested restriction.
- Obtain a paper copy of the notice of information practices upon request (although we have posted a copy on our web site, you have a right to a hard copy upon request.)
- Inspect and obtain a copy of your health record.
- Amend your health records.
- Obtain an accounting of disclosures of your health information.
- Request communications of your health information by alternative means or at alternative locations.
- Revoke your authorization to use or disclose health information except to the extent that action has already been taken.

PEHP does not need to provide an accounting for disclosures:

- To persons involved in the individual's care or for other notification purposes.
- For national security or intelligence purposes.
- Uses or disclosures of de-identified information or limited data set information.

PEHP must provide the accounting within 60 days of receipt of your written request.
The accounting must include:

- Date of each disclosure
- Name and address of the organization or person who received the protected health information
- Brief statement of the purpose of the disclosure that reasonably informs you of the basis for the disclosure or, in lieu of such statement, a copy of your written authorization, or a copy of the written request for disclosure.

The first accounting in any 12-month period is free. Thereafter, we reserve the right to charge a reasonable, cost-based fee.

Examples of Uses and Disclosures of Protected Health Information

PEHP will use your health information for treatment.
For example: Information obtained by a nurse, physician, or other member of your health care team will be recorded in your record and used to determine the course of treatment that should work best for you. Your physician will document in your record his or her expectations of the members of your health care team. Members of your health care team will then record the actions they took and their observations. In that way, the physician will know how you are responding to treatment.

Though PEHP does not provide direct treatment to individuals, we do use the health information described above for utilization and medical review purposes. These review procedures facilitate the payment and/or denial of payment of health care services you may have received. All payments or denial decisions are made in accordance with the individual plan provisions and limitations as described in the applicable PEHP Master Policies.

PEHP will use your health information for payment.
For example: A bill for health care services you received may be sent to you or PEHP. The information on or accompanying the bill may include information that identifies you as well as your diagnosis, procedures, and supplies used.

PEHP will use your health information for health operations.
For example: The Medical Director, his or her staff, the risk or quality improvement manager, or members of the quality improvement team may use information in your health record to assess the care and outcomes in your case and others like it. This information will then be used in an effort to continually improve the quality and effectiveness of PEHP's programs.

If your coverage is through an employer sponsored group health plan, PEHP may share summary health information with the plan sponsor, such as your enrollment or disenrollment in the plan. PEHP may disclose protected health information for plan administration activities. *Example: Your employer contracts with PEHP to provide a health plan, and PEHP provides your employer with certain statistics to explain the rates we charge.* For specific health information PEHP will only provide information after it receives a specific written request from the plan sponsor, which includes an agreement not to use your health information for employment related actions or decisions.

There are certain uses and disclosures of your health information which are required or permitted by Federal Regulations and do not require your consent or authorization. Examples include:

Public Health.
As required by law, PEHP may disclose your health information to public health or legal authorities charged with preventing or controlling disease, injury, or disability.

Business Associates.
There are some services provided in our organization through contacts with business associates. When such services are contracted, we may disclose your health information to our business associates so that they can perform the job we've asked them to do. To protect your health information, however, we require the business associates to appropriately safeguard your information.

Food and Drug Administration (FDA).
PEHP may disclose to the FDA health information relative to adverse events with respect to food, supplements, product and product defects, or post-marketing surveillance information to enable product recalls, repairs, or replacement.

Workers Compensation.
We may disclose health information to the extent authorized by and to the extent necessary to comply with laws relating to worker's compensation or other similar programs established by law.

Correctional Institution.
Should you be an inmate of a correctional institution, we may disclose to the institution or agents thereof health information necessary for your health and the health and safety of other individuals.

Law Enforcement.
We may disclose health information for law enforcement purposes as required by law or in response to a valid subpoena.

PREMIUM PAYMENTS THROUGH AUTOMATIC BANK WITHDRAWAL

Public Employees Health Program (PEHP) offers a service called Automated Clearing House (ACH). This service will automatically deduct insurance premiums from either your checking or savings account and transfer them to PEHP. This is the same system used to transfer social security and retirement benefits as well as payroll checks directly to bank accounts.

Payments are deducted from your account on the 5th of each month or next business day if the 5th occurs on a non-business day. This will ensure premium payments are made on time. Additionally, electronic withdrawals are never lost in the mail or stolen.

To enroll, your account must be current (no past due balance), and provide the information below. Deductions will not be run for any balance incurred prior to ACH becoming effective and will be your responsibility to pay. **Also, attach a voided check or withdrawal slip (for savings accounts)**. Once PEHP receives the application, a test run will be performed through the banking system to validate account information. You will be notified once the bank accepts your request with a letter indicating the withdrawal date, the monthly premium, and the first period covered by ACH withdrawal.

You may begin and end the program anytime you wish. If ACH is elected, you will no longer receive a monthly bill or statement as your bank statement will be your payment record.

If interested in ACH deduction, return this form immediately **with a voided check** as the processing of your request, including the test run, can take up to 30 days. If you have any further questions about ACH, please call PEHP Accounting at (801)366-7541, or (801)366-7574.
