WEEK ONE: START YOUR FINANCIAL ORGANIZATION!

Starting off slow – this week we're encouraging you to spend time doing the following:

- 1.) Identify your total take-home income.
Do you count on multiple incomes (ie, a spouse's)? Or, maybe "side hustles"?
- 2.) Get a basic idea of your spending habits.
What are your fixed expenses? (Rent/Mortgage, utilities, car payments, etc)
What are your current variable expenses? (Groceries, gas, entertainment, etc)

Look over your recent purchases and track where you are spending the most. Begin to think about areas where you can save more: What expenses can you live without? Where can you spend less?
