# Understanding In-Network Providers

It's important to understand the difference between in-network and out-of-network providers and how the In-Network Rate works to avoid unexpected charges.

## In-Network Rate

Doctors and facilities contracted in your network — in-network providers — have agreed not to charge more than PEHP's In-Network Rate for specific services. Your benefits are often described as a percentage of the In-Network Rate. With in-network providers, you pay a predictable amount of the bill: the remaining percentage of the In-Network Rate. For example, if PEHP pays your benefit at 80% of In-Network Rate, your portion of the bill generally won't exceed 20% of the In-Network Rate.

## Balance Billing

It's a different story with out-of-network providers. They may charge more than the In-Network Rate unless they have an agreement with you not to. These doctors and facilities, who aren't a part of your network, have no pricing agreement with PEHP. The portion of the benefit PEHP pays is based on what we would pay a n in-network provider. You'll be billed the full amount that the provider charges above the In-Network Rate. This is called "balance billing."

Understand that charges to you may be substantial if you see an out-of-network provider. Your plan generally pays a smaller percentage of the In-Network Rate, and you'll also be billed for any amount charged above the In-Network Rate.

## Negotiate a Price

**Don't get Balance Billed:** Although non-contracted providers are under no obligation to charge within the In-Network Rate, consider negotiating the price before you receive the service to avoid being balance billed.

The amount you pay for charges above the In-Network Rate won't apply to your deductible or out-of-pocket maximum.

## Consider Your Options

Carefully choose your network based on the group of medical providers you prefer or are more likely to see. See the Medical Networks comparison in this book or go to [www.pehp.org](http://www.pehp.org) and log in to your PEHP account to see which network includes your doctors.

Ask questions before you get medical care. Make sure every person and every facility involved is contracted in your network.

Although out-of-network providers are under no obligation to charge within the In-Network Rate, consider negotiating the price before you receive the service to avoid being balance billed.

Go to [www.pehp.org](http://www.pehp.org), log into your PEHP account, and click on *Providers, Facilities and Costs* under the *Find Providers and Costs* menu to find a doctor or facility in your network.

# Understanding Your Benefits Grid

**1 MEDICAL DEDUCTIBLE**  
The set dollar amount that you must pay for yourself and/or your family members before PEHP begins to pay for covered medical benefits. Some plans might also have a separate pharmacy deductible.

**2 PLAN YEAR OUT-OF-POCKET MAXIMUM**  
The maximum dollar amount that you and/or your family pays each year for covered medical services in the form of copayments and coinsurance (and deductibles for STAR plans). Some plans might also have separate out-of-pocket maximums for mental health & substance abuse and for specialty drug charges.

**CO-PAY**

A specific amount you pay directly to a provider when you receive covered services. This can be either a fixed dollar amount or a percentage of the PEHP In-Network Rate.

**IN-NETWORK**

In-network benefits apply when you receive covered services from in-network providers. You are responsible to pay the applicable copayment.

**OUT-OF-NETWORK**

If your plan allows the use of out-of-network providers, out-of-network benefits apply when you receive covered services. You are responsible to pay the applicable co-pay, plus the difference between the billed amount and PEHP's In-Network Rate.

**IN-NETWORK RATE**

The amount in-network providers have agreed to accept as payment in full. If you use an out-of-network provider, you will be responsible to pay your portion of the costs as well as the difference between what the provider bills and the In-Network Rate (balance billing). In this case, the allowed amount is based on our in-network rates for the same service.

## Introduction

PEHP wants to keep you healthy and smiling brightly. We offer dental plans that provide coverage for a full range of dental care.

When you use In-Network providers, you pay a specified copayment and PEHP pays the balance. When you use Out-of-Network providers, PEHP pays a specified portion of the In-Network Rate, and you are responsible for the balance.

There is no deductible for Preventive or Diagnostic services.

Refer to the PEHP Dental Master Policy for complete benefit limitations and exclusions and specific plan guidelines when you log in to your PEHP account. The Master Policy is available at PEHP for Members at [www.pehp.org](http://www.pehp.org).

Call PEHP Customer Service to request a copy.

## Waiting Period for Orthodontic, Implant, and Prosthodontic Benefits

There is a Waiting Period of six months from the effective date of Coverage for Orthodontic, Implant, and Prosthodontic benefits.

Members returning from military service will have the six-month waiting period for orthodontics waived if they reinstate their dental coverage within 90 days of their military discharge date.

**NOTICE:** Depending on your Employer's choice of Dental coverage plans, the Waiting Period for Orthodontic, Implant, and Prosthodontic Benefits may not apply. Please refer to your Employer or call PEHP Customer Service for details.

## Missing Tooth Exclusion

Services to replace teeth that are missing prior to effective date of coverage are not eligible for a period of five years from the date of continuous Coverage with PEHP.

However, the plan may review the abutment teeth for eligibility of Prosthodontic benefits. The Missing Tooth Exclusion does not apply if a bridge, denture, or implant was in place at the time the coverage became effective.

**NOTICE:** Depending on your Employer's choice of Dental coverage plans, the Missing Tooth Exclusion may not apply. Please refer to your Employer or call PEHP Customer Service for details.

## Limitations and Exclusions

Written preauthorization may be required for prosthodontic services. Preauthorization is not required for orthodontics.
