

Assisted Reproductive Technology Benefit

Support for Your Family-Building Journey

Eligible PEHP members* no longer have a \$4,000 limit on Assisted Reproductive Technology (ART) services, including In Vitro Fertilization (IVF).

- » Available only to members* enrolled in the Traditional or STAR HSA plan.
- » ART/IVF services are covered under your regular medical plan benefits. Check your Benefits Summary for detailed information.
- » ART/IVF services must be done using contracted providers. See approved clinics listed below.
- » Preauthorization is required.

Note: Coverage is only available in connection with the transfer of a single embryo. This includes up to \$5,000 to reimburse you for medical costs.

Eligibility

- » Age restrictions apply:
 - › Under age of 40 when own oocytes are used.
 - › Under age 46 if oocytes are sourced from another woman; however, the donor must be under 36.
- » Surrogates are not eligible.
- » Donor charges are not eligible; however, once an embryo is created, the qualifying ART procedure becomes eligible.

ART Qualifying Procedures

Limited to single embryo/gamete/zygote transfers:

- » In Vitro Fertilization (IVF)
May include intracytoplasmic sperm injection (ICSI), frozen embryo transfer (FET).
- » Gamete intrafallopian transfer (GIFT)
Criteria must be met.
- » Zygote intrafallopian transfer (ZIFT)/ Tubal embryo transfer (TET) / Pronuclear stage tubal embryo transfer (PROUST)
Criteria must be met.
