

Bariatric Surgery Program

The **Bariatric Surgery Program** is designed to support eligible* members on their journey to long-term weight loss and improve overall health.

Eligibility

- » Must work for a participating employer.* Consumer Plus Plan members are not eligible.
- » Overweight for at least 5 years.
- » BMI over 40, or over 35 with qualifying comorbidity (e.g., Type 2 diabetes).
- » No current use of tobacco or vape products.
- » No prior weight loss surgery.

To qualify for surgery, you must complete:

- » Six months of health coaching with Noble Health. Must achieve weight loss goals (1 BMI point every 60 days).
- » Consultation with Fia Care provider. Call 801-602-2997.
- » Submission of medical records from the past 2 years.
- » Mental health evaluation with documentation (any mental health provider).
- » Consultation and engagement with surgical center. See approved centers on the right.

Questions About Eligibility?

Contact PEHP at 801-366-7755 to speak with a clinical services representative.
