

HB0400 (Gibson, F) Anticipated Fiscal Impact:

\$2,702 for the 7/2015-6/2016 State risk pool plan year.

Assumptions:

1. The costs related to medical records requests generally only apply to onsite audits of medical records. PEHP expects to make 3,600 requests next year.
2. Cost per audit assumed to increase per patient request by \$1.39.
3. Cost to PEHP = $3,600 * (\$1.39) = \$5,004$
4. State Risk pool portion of PEHP membership is about 54%
5. Fiscal impact = $\$5,004 * 54\% = \$2,702$
