## HB0090S01 - Insurance Opioid Regulation

Any Fiscal Impact - yes

Updated 01/06/2017 13:30:55 by Paul Anderton

This bill asks PEHP to adopt and report on certain clinical policies. There is no time or cost associated with adopting these policies because PEHP has policies in place and any amendment to change those policies would be in the normal course of its operations. The bill will require PEHP to allot time for reporting on the impact of these policies that would not occur otherwise. We do not believe that this effort would exceed 40 hours at blended compensation rate of about \$80 an hour.
