providers, even if you have an out-of-network benefit. Find participating providers and see a list of Non-Contracted Providers at www.pehp.org.

PEHP doesn't pay for any services from certain

Non-Contracted Providers

Understanding Your Benefits Grid

CO-PAY

A specific amount you pay directly to a provider when you receive covered services. This can be either a fixed dollar amount or a percentage of the PEHP In-Network Rate.

IN-NETWORK

In-network benefits apply when you receive covered services from innetwork providers. You are responsible to pay the applicable copayment.

OUT-OF-NETWORK

If your plan allows the use of out-of-network providers, out-of-network benefits apply when you receive covered services. You are responsible to pay the applicable co-pay, plus the difference between the billed amount and PEHP's In-Network Rate.

IN-NETWORK RATE

The amount in-network providers have agreed to accept as payment in full. If you use an out-of-network provider, you will be responsible to pay your portion of the costs as well as the difference between what the provider bills and the In-Network Rate (balance billing). In this case, the allowed amount is based on our in-network rates for the same service.

The maximum dollar amount that you and/or your family pays each year for covered medical services in the form of copayments and coinsurance (and deductibles for STAR plans). Some plans might also have separate out-of-pocket maximums for mental health & substance abuse and for specialty drug charges.

For more definitions, please see the Master Policy.

Understanding In-Network Providers

It's important to understand the difference between in-network and out-of-network providers and how the In-Network Rate works to avoid unexpected charges.

In-Network Rate

Doctors and facilities contracted in your network — innetwork providers — have agreed not to charge more than PEHP's In-Network Rate for specific services. Your benefits are often described as a percentage of the In-Network Rate. With in-network providers, you pay a predictable amount of the bill: the remaining percentage of the In-Network Rate. For example, if PEHP pays your benefit at 80% of In-Network Rate, your portion of the bill generally won't exceed 20% of the In-Network Rate.

Balance Billing

It's a different story with out-of-network providers. They may charge more than the In-Network Rate unless they have an agreement with you not to. These doctors and facilities, who aren't a part of your network, have no pricing agreement with PEHP. The portion of the benefit PEHP pays is based on what we would pay a n in-network provider. You'll be billed the full amount that the provider charges above the In-Network Rate. This is called "balance billing."

Understand that charges to you may be substantial if you see an out-of-network provider. Your plan generally pays a smaller percentage of the In-Network Rate, and you'll also be billed for any amount charged above the In-Network Rate.

Negotiate a Price

Don't get Balance Billed: Although non-contracted providers are under no obligation to charge within the In-Network Rate, consider negotiating the price before you receive the service to avoid being balance billed.

The amount you pay for charges above the In-Network Rate won't apply to your deductible or out-of-pocket maximum.

Consider Your Options

Carefully choose your network based on the group of medical providers you prefer or are more likely to see. See the Medical Networks comparison in this book or go to www.pehp.org and log in to PEHP for Members to see which network includes your doctors.

Ask questions before you get medical care. Make sure every person and every facility involved is contracted in your network.

Although out-of-network providers are under no obligation to charge within the In-Network Rate, consider negotiating the price before you receive the service to avoid being balance billed.

Health Savings Accounts

About Health Savings Account (HSA)

An HSA is a tax-advantaged, interest-bearing account. Your money goes in tax free, grows tax free, and can be spent on qualified health expenses tax free. An HSA can be a great way to save for health expenses in both the short and long term.

An HSA is similar to a flexible spending account; you contribute pre-tax dollars to pay for eligible health expenses.

An HSA has several advantages. You never have to forfeit what you don't spend. Your money carries over from year-to-year and even from employer-to-employer. All the while, an HSA can earn tax-free interest in a savings account.

The STAR Plan employer HSA contributions for 2020-21 will be \$909.22 for a single plan and \$1,826.76 for double plans, and \$1,918.54 for family plans. Contributions will be frontloaded semi-annually, half by the end of July 2020 and half by the end of January 2021.

Consumer Plus Plan employer HSA contributions for 2020-21 will be \$1,824.68 for a single plan and \$3,649.62 for a double and family plan. Contributions will be frontloaded semi-annually, half by the end of July 2020 and half by the end of January 2021.

You can also contribute to an HSA much like you would a 401(k). You decide how many pre-tax dollars you want withheld from each paycheck, and earnings grow tax free.

Eligible HSA expenses include deductibles and Co-Insurance, as well as health expenses that are eligible to be paid with a medical flexible spending account.

HSA Eligibility

To be eligible for the HSA the following things must apply to you:

- » You're not participating in or covered by a flexible spending account (FSA) or HRA or their balances will be \$0 on or before June 30.
- » You're not covered by another health plan (unless it's another HSA-qualified plan).
- » You're not covered by Medicare or TRICARE.
- » You're not a dependent of another taxpayer.

Banking with HealthEquity

PEHP has an arrangement with HealthEquity to handle your HSA. The State of Utah will make your HSA contributions through PEHP to HealthEquity into your account. You are responsible for the management of your HSA funds once they are in the account.

For More Information

For more information about HSAs go to: www.pehp.org/thestarplan, www.ustreas.gov, or www.irs.gov.

Consumer Plus Plan

For Consumer Plus Plan members double covered through the State, be aware of the IRS limit and notify PEHP to only accept IRS limit.

2020 HSA IRS limits

Single: \$3,550

Double/Family: \$7,100

55+ Catch-up contribution: \$1,000

PEHP Flexible Spending Plan — FLEX\$

Save Money With FLEX\$

Sign up for PEHP's flexible spending account – FLEX\$ — and save. FLEX\$ saves you money by reducing your taxable income. Each year you set aside a portion of your pre-tax salary for your account. That money can be used to pay eligible out-of-pocket health expenses and dependent day care expenses.

FLEX\$ Options

FLEX\$ has three options, two for medical expenses (one exclusive to The STAR HSA Plan) and another for dependent day care. You may contribute a minimum of \$130 and a maximum of \$2,750 a year for healthcare expenses and up to \$5,000 a year for dependent daycare expenses.

FLEX\$ HEALTHCARE ACCOUNT

If you are on the Traditional Plan, use this account to pay for eligible out-of-pocket health expenses for you or your eligible dependents. Pay for such things as out-of-pocket deductibles and co-pays, prescription glasses, laser eye surgery, and more. Go to www.pehp.org for a list of eligible items.

LIMITED PURPOSE FLEXIBLE SPENDING ACCOUNT

If you are enrolled in The STAR HSA or Consumer Plus Plan, you can also choose to enroll in a Limited Purpose Flexible Spending Account. The pre-tax monies you choose to fund this account can be used for eligible dental and vision expenses, and after you have met The STAR Plan deductible you can use these funds for eligible medical expenses.

FLEX\$ DEPENDENT DAYCARE ACCOUNT

This account may be used for eligible day-care expenses for your eligible dependents to allow you or your spouse to work or to look for work. You may have this account with any PEHP medical plan.

Using Your FLEX\$ Card

You will automatically receive a FLEX\$ Benefit Card at no extra cost. It works just like a credit card and is accepted at most eligible merchants that take MasterCard.

Use the card at participating locations and your eligible charges will automatically deduct from your FLEX\$ account.

For places that don't accept the FLEX\$ card, simply pay for the charges and submit a copy of the receipt and a claim form to PEHP for reimbursement.

You will be responsible to keep all receipts for tax and audit purposes. Also, PEHP may ask for verification of any charges.

Important Considerations

- » You must plan ahead wisely and set aside only what you will need for eligible expenses each year. FLEX\$ is a use-it-or-lose-it program – only \$500 will carry over from year to year.
- » The total amount you elect to withhold throughout the year for medical expenses will be immediately available as soon as the plan year begins.
- » You can't contribute to a health savings account (HSA) while you're enrolled in healthcare FLEX\$.
 However, you may have a dependent day care FLEX\$ or a limited FSA and contribute to an HSA.

PEHP Dental Care

Introduction

PEHP wants to keep you healthy and smiling brightly. We offer dental plans that provide coverage for a full range of dental care.

When you use in-network providers, you pay a coinsurance and PEHP pays the balance. When you use out-of-network providers, PEHP pays a specified portion of the In-Network Rate (In-Network Rate), and you are responsible for the balance.

There is no deductible for Diagnostic or Preventive services.

Refer to the PEHP Dental Master Policy for complete benefit limitations and exclusions and specific plan guidelines. The Master Policy is available at www.pehp.org. Call PEHP Customer Service to request a copy.

Waiting Period for Orthodontic, Implant, and Prosthodontic Benefits

There is a Waiting Period of six months from the effective date of coverage for Orthodontic, Implant, and Prosthodontic benefits unless prior continuous dental coverage of 6 months or more can be shown.

Members returning from military service will have the six-month waiting period for orthodontics waived if they reinstate their dental coverage within 90 days of their military discharge date.

Missing Tooth Exclusion

Services to replace teeth that are missing prior to effective date of coverage are not eligible for a period of five years from the date of continuous coverage with PEHP.

However, the plan may review the abutment teeth for eligibility of Prosthodontic benefits. The Missing Tooth Exclusion does not apply if a bridge, denture, or implant was in place at the time the coverage became effective.

Limitations and Exclusions

Written preauthorization may be required for prosthodontic services. Preauthorization is not required for orthodontics.

Refer to the Dental Care Master Policy for complete benefit limitations, exclusions, and specific plan guidelines.

Master Policy

Refer to the PEHP Dental Master Policy for complete benefit limitations and exclusions and specific plan guidelines. The Master Policy is available at www.pehp.org. Call PEHP Customer Service to request a copy.

If you use an Out of Network provider, your benefits will be reduced by 20%. Out of Network providers may collect charges that exceed PEHP's In Network Rate.
